ELECTRICAL

Christian Velasco

Christian Armando Velasco Estrada

aka Culichi.

Electrical Assistant | Residential Maintenance & Industrial Training

christian@culichi.lat · culichi.lat
github.com/ByCulichi · linkedin.com/in/culichi

Professional profile

I have completed documented residential outlet, switch and ceiling-light replacements, plus installation-board and float-switch course practice. I interpret electrical drawings and practice AC/DC measurement and circuit checks. My main training is ongoing at Universidad Internacional · RED CONOCER, reinforced by Udemy and LinkedIn Learning.

Target roles

· Electrical assistant · Electrical maintenance assistant · Industrial electricity trainee

5	AC / DC	UI · CONOCER
Documented work & course practices	Measurement practice	Main training in progress

Electrical work & course experience

01

Documented residential maintenance and installation/control course practice. Industrial training is ongoing; the START/STOP exercise remains planned.

Residential outlets, switch & lighting

● Completed work

Residential work: two documented outlet-replacement cases, a switch replacement and two ceiling luminaires.

- Recorded the initial condition, replacement, mounting and final checks with original photographs.
- Confirmed polarity and protective-earth checks; one case includes a recorded 119.3 V AC measurement.

Electrical work & course experience

01 continued

Installation board & float-switch control

- Course practice

Course practice in residential installation and float-switch control.

- Assembled and wired an installation board, documented with original photographs.
- Recorded a video demonstration of float-switch operation. START/STOP contactor practice remains planned.

Skills I can contribute

02

Residential installations

Outlet, switch and luminaire replacements; training in conductors, load calculations and installation standards.

Residential | Wiring | Lighting

Measurement & diagnosis

AC/DC voltage, clamp-current measurement, resistance, de-energized continuity and protection checks in training.

Multimeter | AC/DC | Clamp meter

Drawings & circuit foundations

Electrical symbols, drawings, Ohm/Kirchhoff laws and circuit analysis applied in course exercises.

Drawings | Circuits | Diagnostics

Industrial systems & control

Ongoing study: three-phase systems, motor starting/protection, contactors, control/power circuits, maintenance and photovoltaic foundations.

Education & credentials

03

UI

Universidad Internacional · RED CONOCER

Electrical Fundamentals & Industrial Electricity

- In progress

Main program in progress: electrical foundations; materials; residential installations; control; industrial motors; maintenance and diagnosis; renewable energy; final project. I connect the topics with installation-board, float-switch and residential practice.

LinkedIn Learning

Electrical Systems: Reading Drawings and Schematics

- Completed · document pending

Completed course on electrical drawings and symbols. Certificate confirmed by the owner; original file pending upload.

Udemy

Basic Electrical Installations

- In progress

Residential installations and electrical foundations. Certificate pending course completion.

Udemy

Electrical Measurements

- In progress

AC/DC voltage, AC clamp current, resistance, de-energized continuity and protection checks. Certificate pending course completion.
