Currently studying basic electronics at Escuela Tecnológica de Occidente, with additional smartphone repair coursework at LIDETEC.

## Education and training

- Escuela Tecnológica de Occidente — basic electronics in Guadalajara, in progress. Expected completion: February.
- LIDETEC — smartphone repair course participation certificate, issued 1 August 2026.

## Knowledge & course practice

- ETO: component identification/validation, circuit behavior, electronic drawings and structured fault diagnosis.
- Measurement and laboratory training: multimeter, oscilloscope, power supply, logic probe and thermometer; metrology and applied mathematics.
- LIDETEC: soldering iron and hot air, board care, component/connector handling, shielding and introductory microsoldering.

## Learning plan

- Planned training: television; radio reception and amplifiers; digital systems; microcontrollers; microcomputers; industrial electronics. Not started yet.

## Transferable experience

- 7 years of bilingual service/support; TCS operations supervision, SLA follow-up and incident escalation.
- TTEC: Tier 2 mobile support, root-cause analysis and technical training. Bilingual English/Spanish.

**Languages:** English / Spanish — bilingual customer service experience
