LIDETEC smartphone repair course participation with three documented iPhone interventions and confirmed post-repair checks.

Documented repairs

- iPhone 12 Pro — battery replacement.
- iPhone 14 Pro — aftermarket self-programming battery replacement.
- iPhone XR — screen replacement.
- Post-repair checks confirmed by the owner: power, charging, touch, cameras, audio, Face ID and battery settings.

Training

- LIDETEC / Liceo de Tecnología, Guadalajara — smartphone repair course participation certificate, 1 August 2026.
- Course practice: service records, assembly/disassembly, multimeter checks, charging/audio/touch/flex diagnosis, board inspection and liquid-damage maintenance.

Additional course knowledge

- Soldering/hot air, passive components, charging ports, buttons, connectors and introductory microsoldering.
- Operating-system fault recognition and software restoration foundations. Real photographs and case details at culichi.lat/repair.

Transferable experience

- 7 years of bilingual service/support; TCS operations supervision, SLA follow-up and incident escalation.
- TTEC: Tier 2 mobile support, root-cause analysis and technical training. Bilingual English/Spanish.

Languages: English / Spanish — bilingual customer service experience
