Currently studying basic electronics at Escuela Tecnológica de Occidente, with additional smartphone repair coursework at LIDETEC.

Escuela Tecnológica de Occidente · https://www.eto-edu.mx/

EDUCATION AND TRAINING

- Escuela Tecnológica de Occidente — basic electronics in Guadalajara, in progress. Expected completion: February.
- LIDETEC — smartphone repair course participation certificate, issued 1 August 2026.

KNOWLEDGE & COURSE PRACTICE

- ETO: component identification/validation, circuit behavior, electronic drawings and structured fault diagnosis.
- Measurement and laboratory training: multimeter, oscilloscope, power supply, logic probe and thermometer; metrology and applied mathematics.
- LIDETEC: soldering iron and hot air, board care, component/connector handling, shielding and introductory microsoldering.

LEARNING PLAN

- Planned training: television; radio reception and amplifiers; digital systems; microcontrollers; microcomputers; industrial electronics. Not started yet.

TRANSFERABLE EXPERIENCE

- 5+ years of bilingual customer service in English and Spanish.
- Clear communication, user support, problem solving and conflict resolution.

Languages: English / Spanish — bilingual customer service experience
