Christian Armando Velasco Estrada

aka Culichi.

Frontend Development & Python Automation

christian@culichi.lat · culichi.lat
github.com/ByCulichi · linkedin.com/in/culichi

My profile

Frontend development with React, Next.js and TypeScript, supported by public GitHub projects and Python automation for Excel reports. Partial software development studies at Academlo.

7	EN / ES	9
Years in bilingual service	Working languages	Public projects

Skills & capabilities

01

Frontend interfaces

Reusable React and Next.js components, responsive layouts and typed interfaces.

React · Next.js · TypeScript · Tailwind

APIs & backend foundations

REST queries and browser storage in projects; API, server logic and full-stack concepts from incomplete Academlo studies.

JavaScript · REST API · Node.js (learning)

Automation & data

Excel reporting with Python, tabular data processing, formatting and charts.

Python · pandas · XlsxWriter

Delivery & accessibility

Git/GitHub workflow, Vercel deployment, TypeScript checks and browser validation in this portfolio.

Git · GitHub · Vercel · Vite

Professional experience

02

Transferable professional experience in support, training and operations. Software experience is demonstrated through the portfolio projects above.

Tata Consultancy Services (TCS) — Oct 2025 — present

Operations Supervisor

San Pedro Tlaquepaque, Jalisco · Hybrid

Supervise daily operations, follow SLA commitments and incident response times, apply escalation protocols and monitor quality metrics and time management.

Tata Consultancy Services (TCS) — Nov 2023 — Oct 2025

Technical Support Analyst · Energy Operations

Guadalajara, Jalisco

Monitored technical queues involving network issues, service outages and system-impact incidents. Worked with billing services and telecommunications billing.

Alorica — Dec 2022 — Aug 2023

Logistics Operations Analyst

Guadalajara, Jalisco · On-site

Coordinated business-critical deliveries using internal ticketing and tracking systems, maintaining follow-up across logistics operations.

TTEC — Apr 2019 — Oct 2022

Training Technician / Tier 2 Technical Support

Guadalajara, Jalisco · Hybrid

Provided Tier 2 support for mobile devices, investigated hardware and software incidents through root-cause analysis, and delivered technical training.

TP — Aug 2017 — May 2018

Customer Support & Sales Representative

Guadalajara, Jalisco · On-site

Provided bilingual customer and billing support in high-volume environments, with experience in new-hire and sales training.

Projects & practical experience

03

culichi.lat

Bilingual React/TypeScript portfolio with reusable components, accessible navigation, local galleries and localized PDF generation. GitHub pull requests and Vercel delivery.

React · TypeScript · Tailwind · Vite

View portfolio

Culichi-Metrics

Python automation for daily and team Excel KPI reports, including formatting, conditional rules and charts.

Python · pandas · XlsxWriter · Excel

View work

Mirror

Responsive music-player interface built with reusable components and a dark visual system.

Next.js · React · TypeScript · Tailwind

View work

RonnysPage

Food-truck website with responsive layouts and clear presentation of business content.

Next.js · React · TypeScript · Tailwind

View work

Calculator-Culichi

Arithmetic logic and interface practice, with a React/TypeScript version and Vitest testing setup.

React · TypeScript · Vitest

View work

Todo-Culichi

Task creation, completion and deletion with browser storage.

JavaScript · HTML · CSS · Local Storage

View work

WeatherApp-Culichi

City weather lookup through OpenWeatherMap and a responsive web interface.

JavaScript · REST API · HTML · CSS

View work

Journey_blog · Portfolio-Culichi

Travel blog and earlier personal portfolio: HTML structure, responsive reading layouts and presentation of projects and experience.

HTML · CSS · JavaScript
