Christian Armando Velasco Estrada

aka Culichi.

Operations Supervision / Bilingual Technical Support

christian@culichi.lat · culichi.lat
github.com/ByCulichi · linkedin.com/in/culichi

Bilingual professional with 7 years in customer service, technical support, training and operations. Experience at Tata Consultancy Services, TTEC, Alorica and TP, including SLA follow-up, incident escalation and mobile-device troubleshooting.

Professional experience

- TCS — Operations Supervisor | Oct 2025–present. Daily operations, SLA compliance, incident response times, escalation protocols, quality metrics and time management.
- TCS — Technical Support Analyst (Energy Operations) | Nov 2023–Oct 2025. Monitored network, service-outage and system-impact queues; billing services and telecommunications billing.
- Alorica — Logistics Operations Analyst | Dec 2022–Aug 2023. Coordinated business-critical deliveries using internal ticketing and tracking systems.
- TTEC — Training Technician / Tier 2 Technical Support | Apr 2019–Oct 2022. Mobile-device support, root-cause analysis of hardware/software incidents and technical training.
- TP — Customer Support & Sales Representative | Aug 2017–May 2018. Bilingual customer and billing support in high-volume environments; new-hire and sales training.

Professional skills

- Operations supervision, SLA follow-up, quality metrics, time management and incident escalation.
- Tier 2 troubleshooting, root-cause analysis, technical training, ticketing and logistics coordination.
- English/Spanish communication, user guidance, conflict resolution and expectation management.

Transferable value for technology roles

- Structured incident communication and user-focused problem analysis. Educational SOC practice and technical projects are documented separately at culichi.lat.
